

WAITE SANITY TEST. DEATH HOUSE RUMOR

Poisoners "Antics" to Be Basis for Application to Governor.

OSSEING, N. Y., June 16.—Gov. Whitman will be asked to appoint a lunacy commission for Dr. Arthur Warren Waite, self-confessed poisoner of his parents-in-law, according to a report today among prison employees.

It is said the application will be made by Waite's relatives, and will be approved by one or more prison attaches who think the condemned man's antics are daily becoming stranger.

Waite recently began writing verse and getting it out of the prison to newspapers, but Warden Kirchwey stopped it by personally censoring all his letters. Waite talks boastfully of his crimes to other inmates of the death house, and sometimes when guards address him does not reply, staring at them as if his mind were a blank. He also recites his own verses frequently.

COULDN'T GET WINE; TURNED OFF THE WATER

Terrible Revenge of Lombardi on His Family Ended Disastrously for Him, However.

Michael Lombardi, a retired veteran of the Street Cleaning Department, awoke at his home in the tenement at No. 87 Sullivan Street early this morning and demanded wine in large quantities. His trembling family brought him a glass of Chianti. Michael wished more, the demijohn fact. This was denied him.

"Then if I can't have wine you can't have water," announced the veteran of the streets and forthwith depending to the cellar he turned off the water supply and stood guard over the valves with an axe.

The aid of Policemen Malley and Cohen was brought, and with their assistance the policeman began a battle against Michael and his axe. The battle ended when Michael's skull came in contact with a locust stick.

He was sent to Bellevue.

Summer Puddings

Farina Jelly or Ice Pudding

Boil two pints of milk and one pint of water; while boiling, sprinkle in slowly one-quarter pound or four large tablespoonsful of Heckers' Cream Farina; add a little salt; continue the boiling from half an hour to an hour. When done, turn it into a jelly mould and place it on ice or in cold water to stiffen. It may be eaten with wine and other sauce, or cream and sugar. It is very delicious if sliced when cold and fried brown.

Baked Pudding

Boil one quart of milk and one pint of water, and add four large tablespoonsful of Heckers' Cream Farina. Boil half an hour or more. While the Farina is cooking take three eggs, half a pound of sugar, and a small piece of butter; beat up well with a quart of milk and stir it into the Farina, which should be lukewarm at the time. Add spices if desired. Put into pans and bake.

Cream Pudding

Into one quart boiling water stir slowly one cup of Heckers' Cream Farina. When thickened add one-half pint of whipped cream, four tablespoonsful sugar. Flavor with almond extract and serve with marachino cherries and whipped cream.

Polenta

Into one quart of boiling water stir one scant cup Heckers' Cream Farina. Continue boiling about ten minutes and stir in one cup grated cheese; stir until melted; pour into mould. When cold, dip in flour and brown in deep hot fat.
